Lemon Grove Property To Be Re-assessed

Your property may be worth more than you think!

At least it may be worth more than it was four years ago.

The guy who decides for you, County Assessor John McQuilken, is in the process of re-assessing property in the Lemon Grove area right now.

Assessment rose dramatically in 1960 after assessors re-valued Lemon Grove property.

But re-assessment isn't analogous with higher valuations, Assessor McQuilken said.

"Neighborhood influences are paramount and property values seldom remain static, but tend to move up or down," Assessor John McQuilken said. "For that reason our appraisers now review the entire county on a four-year routine cycle. Four years is a reasonable time for value trends to become evident."

Every parcel of property, residential and commercial, will be studied during the next few months so that assessments will reflect any change in taxable value of land and buildings since the last area-wide appraisal was made here in 1960.

State Law

California's constitution requires that all property be taxed in proportion to its value. Reappraisals must be made to determine current market value levels of property.

McQuilken said this review of Lemon Grove assessments will not necessarily result in an increased overall valuation base. The assessor's appraisers make allowance for depreciation and obsolescence.

Anything which affects value will be reflected in the completed assessments.

The new assessed values will appear on 1965-66 property tax bills, due in November, 1965.

Lemon Grove Elementary School District contains more than seven thousand of the 360,000 parcels of assessable property in San Diego County.

Other areas being reassessed this year are: Mission Hills, Hillcrest, Old Town-Midway area, Five-points, South Bay, Rancho Bernardo, in San Diego; City of Imperial Beach; Oceanside; Vista, Carlsbad; Encinitas; Solana Beach; Cardiff; Rancho Santa Fe; Pomerado (Poway); Miramar and El Cajon — for a total of about 90,000 parcels.

Property owners will be given an opportunity to learn their new assessments sometime next April when the assessor will make the new evaluations available for public inspection.

County Bed Tax Passed By Sups

SAN DIEGO (CNC) — Transients who stay in hotels or motels in unincorporated areas after Oct. 1 will have four per cent added to their bills because of action of the Board of Supervisors Tuesday.

The board ordered County Counsel Bertram McLees to draw up an ordinance to levy the tax, following the guideline of a similar ordinance adopted by the City of San Diego. Other cities have also voted for the tax.

T. M. Heggland, chief administrative officer of the county, has supported the bed tax as a method of raising money without raising the property tax rate. He estimates the tax will return $60,000 to $65,000 to the county each year.

A change in the proposed ordinance to provide that rooms renting for $2 or less per day be exempted was approved by the board.

The board indicated that the ordinance would provide money for the encouragement of tourism and conventions. The county has already put about twice as much money in the final budget for the next fiscal year as the tax will raise.

The board indicated some time ago that they intended to levy the tax and that they were only waiting on action by cities.

Only one person spoke in opposition to the measure at any of the meetings.

Dance Control Act Expected

SAN DIEGO (CNS) — The County Board of Supervisors Tuesday indicated that it will act next week on an emergency ordinance to control activities at teen dances as requested by Sheriff Joseph O'Connor.

Among the provisions would be one which would require responsible adults to be in attendance after being screened by the sheriff. The ordinance would require one private policeman for each 200 persons in attendance and a private matron.

The law would not allow any person to leave the building in which the dance is being held and return. This provision is aimed at preventing drinking outside of the dance.

Adequately lighted off-street parking would be required and the lot would have to be supervised.

No person over 18 would be allowed to attend the dance alone although boys 18 and 19 would be allowed in if they bring dates. (This is a stricter

TROPHY WINNER — Jeanne Veliquette, 12-year-old daughter of Mr. and Mrs. Jean Veliquette of 2895 Orange pl., Lemon Grove, holds a junior championship trophy she won recently. It is one of the 230 awards including 75 trophies she has won. Jeanne was recently named Lemon Grove Majorette for the junior high school. In a June 6 contest she came in fifth in championshinp strutting, first in exhibition and second in twirling.

SV Dance Turns Into Teen Riot

Six youths were taken into custody and two sheriff's deputies were injured as the result of a riot that broke out Thursday evening at a Spring Valley dance.

Five boys from El Cajon and San Diego were booked in county jail on charges including rioting, resisting arrest, disturbing the peace, escape and taking a person from lawful custody and helping to escape.

A sixth youth, Keith Daryle Slunder, 17, of 5690 Wendi st., La Mesa was taken to Juvenile Hall on suspicion of disturbing the peace. He has been released to his parents pending additional investigation.

The injured deputies were Lawrence L. Narron and Richard Sandberg who were on duty in the Casa de Oro area as narcotics and vice squad investigators when they received a call of a disturbance at the dance.

Sandberg suffered ruptured blood vessels of his right leg when a patrol car door was slammed on his leg during the melee.

Narron sustained minor injuries when he was thrown over a fence at the Chamber of Commerce building.

The trouble broke out at a dance at the Spring Valley Chamber of Commerce Building on Memory lane.

When the deputies arrived at the Chamber building they found approximately 100 teenagers watching a fight between two boys. They reported they found William Franklin Boone, 18, of 2125 Drescher st., San Diego, hitting an unidentified boy who was on the grund.

While Narron was attempting to subdue Boone the officer charged, he was grabbed around the throat by Patrick Alan Walsh, 21, of 554 Lexington st., El Cajon. The officer reported that he was then struck in the mouth by an unidentified youth and thrown over the fence by several others.

While Boone and Walsh were being taken to the patrol car by Narron approximately 40 boys began kicking and pushing the officer. Boone was then pulled away from the officer.

Sandberg arrested Douglas V. Rubino, 18, of 6564 Glenroy st., San Diego, for allegedly shouting obscenities at the officer, but Sandberg charged, Rubino broke away from him while on the way to the patrol car.

Glenn Leo Murphree, 19, of 1529 Dumar ave., El Cajon, is charged with slamming the door on Sandberg's leg as the officer was radioing for help.

There were cries from the rioters of "Let's get them, kill them."

The sheriff's report said that during the riot Slunder challenged one of the sheriff's deputies to a fight.

When additional forces arrived Slunder, Walsh, Murphree and Rubino were placed under arrest.

Boone and David Phillip Wiles, 18, of 6684 Ballinger dr., San Diego, were later arrested in La Mesa by local police.

Four of the youths pleaded innocent Friday in El Cajon Municipal Court. Boone, Walsh, Murphree, and Rubino are to have jury trials on July 15.

The charge against Boone and Rubino are rioting, resisting arrest and disturbing the peace. Battery, rioting, resisting arrest and disturbing the peace are the charges against Murphree and Walsh.

A continuance was granted Wiles on his arraignment for charges of rioting, resisting arrest and disturbing the peace.

Suspect Named In Rack Loss

Albert Blackburn, of 763 Carlsbad, Spring Valley, gave sheriff's men the license number of suspects after a luggage rack was taken from the top of his car Thursday. He said two boys had attempted to buy it from him two months earlier. After he declined, the boys were seen cruising his street several

JAYCEE'S PROJECTS AIM AT CLEANER, SAFER TOWN

A complete list of officers for 1964-65 was announced this week by the Lemon Grove Junior Chamber of Commerce in a report that covers the group's major projects — planned and present.

The report was given by Frank G. Salas, Jaycee state director, a PacTelCo employe, a sponsor of the year-old club. The club was revitalized last summer after being inoperative for about three years in the Lemon Grove area, Salas said.

Officers for the coming 12 months are: Hal Lenox, president for a second term; Salas, state director; Floyd Tiderman, 1st vice president; Bill Nevins, 2nd vice president; Don Kenway, secretary; Glenn Mitchell, treasurer, and Cecil Zatt and Larry Scott, directors.

A report on the group's major community project — street sweeping — revealed that fifty-two local business firms are taking part in it. They are:

Rexall drug, Village Liquor, Walters Jewelry, Western Auto, Salvation Army, All American Upholstering, Haizlips, Brumley's and Tri-City T.V.

Also: L.G. Sporting Goods. Grove Pastry, Winchell's Donuts, Highlander, Cornet, Sprouse Reitz and Mode O'Day.

Also: Warrens Maple Shop, Morrison-Adams, Keith's Records, Floyd's Toytown, Linda's, Marder's, Mary Annes Beauty and Dial Drug.

Also: L. G. Florist, Hoss Refrigeration; A & S Liquidators, Dairy Queen, Frank's Bar and Pernicanos.

Also: Pampered Pet; Popular Delicatessen, Michael's, Brouillard's Hardware, L.G. Camera, Rella's Shoes and Green's Barber Shop.

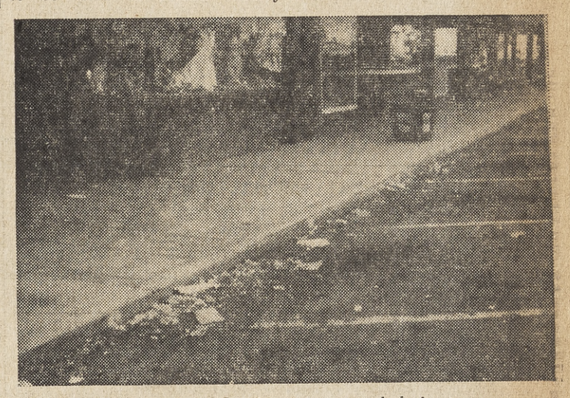

Also: Dutch Cleaners, Joe's Shoe Shop, Tell's Watch Repair; Barbara's Beauty Shop; Grove Office Supply; De Anne's Beauty Shop, and Healthful Foods.

Also: John Dail Insurance, Pacific Finance, Mel's Root Beer, Grove Barber Shop, L.G. Appliance Repair, Russell's Plumbing and U.S. National Bank.

Another successful project was the Safety Belt drive the group held in February. More than 200 belts were installed in local cars, Salas said.

Forthcoming project included installation of Welcome Signs at the three main roadway entrances to Lemon Grove; the development of a community theatre featuring live, local entertainment, and a Jaycees Party in July to stimulate the interest of eligible young men to have contact with local Jaycee's members.

Meanwhile, the group is sponsoring Tom Kuhn, of 3738 Grove st., L.G., in the State Jaycee Qualifying Golf Tournament to be held at Bonita Valley Country Club this week-end. Tom, a 17-year-old Mt. Miguel student, shoots in the low 70s. Sunday, he tied with two others in the Stardust Father-Son tourney, racking up a 74. The two low scorers in the Bonita event will go to the national championship tournament at St. Paul.

Sups OK County Budget Of $109 Millions

SAN DIEGO (CNS) — The Board of Supervisors Monday afternoon approved final budget recommendations after cutting $513,100, mostly in policy items. The largest cut was in the $407,000 request of the San Diego Convention and Tourist Bureau which was trimmed to $100,000, the same as this year.

Faced with a tight budget and a possible increase in the tax rate of $2.139 the board held nearly all of its local grants to various civic groups to no more than last year and no new activities were added.

Getting the axe because their requests were new were the San Diego Civic Light Opera Association (StarLight at $10,000 and the El Cajon Junior Chamber of Commerce (East County Fair) at $6,000.

The final budget for 1964-65 now stands at $109,272,659 and Chief Administrative Officer T. M. Heggland said again that he does not know what the tax rate will be. He said that the deciding factor will be the amount of increase in the total county assessed valuation.

A 2½ per cent increase for deputy sheriffs and deputy marshals which has been recommended by the county Civil Service Commission will cost about $75,000 but will be offset by not hiring any new county workers until Oct. 1.

L.G. SCHOOL BUDGET TOPS $2 MILLIONS

The school budget fo 1964-65 will total $2,300,345 it was decided Monday night at the budget meeting of the L.G. school board.

Of the total, $60,000 represents raises negotiated by teachers earlier this year. The budget is $100,000 higher than its predecessor but it need not necessarily increase the tax rate, according to Byron Netzley,elementary school district superintendent.

"We think the rate will be the same," Netzley said. "It will depend on the assessed valuation of the district." County Assessor John McQuilken's men are presently re-assessing Lemon Grove property. "Assessment could be lower," McQuilken had said last week.

In other action: the San Altos project was accepted; a more liberal vacation allowance was given long-time employes (up to 20 days for 22 years service); an increase in summer school salary schedules allowed (principals up 20c an hour to $5.55), and the annual organizational meeting was set for July 13.

The Separate Levels Of Freedom

Last week the San Diego State Federation of Teachers issued a statement condemning Charles Luckman, for his commencement speech at the college the week before.

Mr. Luckman, an architect who designs large public buildings such as Grossmont Hospital, had been invited to speak because he is chairman of the California State Colleges Board of Trustees. He was head of Lever Brothers, the nation's large soap manufacturers before he turned architect.

Trustee Luckman shook the profs when he suggested that they were compromising education by tolerating subjects not critical of Communism in campus speechifying. "We resent his suggestion that the faculty and students are vulnerable to the seductive intellectual appeal of communism," the Federation said.

They informed Mr. Luckman that they had a right and a duty to hear whomever they wished.

What's more, they demanded that he resign from the Board because of some of his statements in his speech.

In short, freedom of speech on the campus should be extended to practically everyone — except to Mr. Charles Luckman, whose pointed words ripped open a beehive of recrimmination among faculty members on the usually placid campus of ole' San Diego State.

The area in our lives which the Holy Spirit continues to work in is that of "Sanctification." Sanctification is growth in our Christian faith. It is the process of being drawn farther and farther away from sin and closer and closer to Christ. How is your growth process going?

Jim Mulvaney Booked As Men's Club Speaker

The Lemon Grove Men's Club examined itself closely Friday and decided it was a pretty good organization. The self-examination was the result of failing attendance.

Although the turnout was better (30 persons) than average, it was decided that every member should bring a guest; that the weekly postal card mailing should be re-instituted, and that programs having a more topical nature be presented. There was no program Friday other than the self-appraisal.

It was even suggested that a style show featuring models displaying the new topless bikinis be presented. The idea was enthusiastically received but the more sober-minded members agreed that programs should be informational rather than solely pleasant.

It was in that light that Program Chairman John Bridger announced that Jim Mulvaney, president of the S.D. Padres; vice president of the U.S. National Bank, and vice president of the Pacific Coast Baseball League, will be the speaker Friday. Mulvaney will discuss the coming growth of San Diego under the title of "Where Do We Go From here?"

The meetings are held at Horseshoe Tavern each Friday at noon. All males are welcome to attend.

Girls Invited To Join Mounted Scout Troop

The meeting will be at 10 a.m. Regular meetings are held every second and fourth Saturday of the month.

A series of activities is planned for the summer by the troop.

In order to join, girls must be between 15 and 17 or in grades 10 to 12, said Mrs. Edwards, troop advisor. She said girls with or without horses are welcome to join.

$10 Million Budget Oked By High School District

The Governing Board of the Grossmont Union High School District at the adjourned meeting on Monday, June 22, adopted a preliminary budget of $10,385,125, an increase of $46,177 over a previously approved budget. The revised operating budget amounts to $9,985,125, with $400,000 included in undistributed and general reserve funds.

Salary schedule revisions showing an overall increase of 5.6 per cent were approved for classified personnel. Varied increases were based upon comparison of salaries paid in comparable positions in other governmental agencies in this area.

A new teachers' salary schedule ranging from $5650 to $11,300 was also approved with an average increase of 4.6 per cent over last year's schedule which had a minimum of $5,400 and a top salary of $10,800. The increase for administrators of $250 averages 1½ per cent. Grossmont District thus continues to pay average salaries for administrators and a higher level for the teaching personnel.

Dr. Warburton said the increased schedules would not result in an increase in the tax rate but rather effect a reduction of one cent due to continued district operational economies and additional state funds provided under AB145.

Robert A. Whitaker, an executive of Sav-On Drug store, 661 Sweetwater rd., Spring Valley, instructed sheriff's deputies to issue a citation charging petty theft to Charles Christler, 30, of 3254 Harris st., Lemon Grove, last week.

Sheriff's Sgt. J. Blackwell and Deputy A. Hauer who issued the citation at Whitaker's request, were told that Christler had taken a pair of $2.98 sunglasses from the store without paying for them. The citation, which requires the suspect to appear in El Cajon Municipal Court July 6, was given after the Sav-On official preferred a citizen's arrest against the man.

Here's the Reason

The reason for the campaign is to give growth to this newspaper as well as to help the unfortunate youngsters. A newspaper is only as valuable as its paid subscription list. Advertising agencies measure paid circulation. For example: in order to equal our 10,000 paid circulation, a laydown to 100,000 homes would have to be accomplished.

Paid circulation newspapers never intrude. If the reader decides he doesn't want to get it any longer he just quits paying.

Those paying for a newspaper get it because they want it. If it is paid for it is a good indication that it is read. And it doesn't clutter up the lawn when it is delivered to the mail box, as this one is.

There are other reasons, but these are some of the more general ones why a true newspaper is more valuable.

You Are A Speck On A Computer Card

The other day we were told of a new device by which words could be fed into a machine developed for newspapers and the words would come out properly spelled, and much to the delight of the editors and printers, properly hyphenated.

The representative for the firm exhibiting the machine explained that words are first programmed into the machine and then translated into numbers. Later, when your words are fed into it, the searching finger of a certain number seeks its mate, and presto! out comes the word. If it comes at the end of a line as so many words do in newspaper columns, the machine breaks it into parts so that the proper amount of the word can be left on the line and the rest of the words carried to the following line.

Intriguing as the machine is, its frightening to realize that everything is by the numbers anymore. As Americans we have become a faceless nation of numbers in Government files. What ever happened to the brave and free, you ask?

The answer is simple. These people have become magnetic specks on cards which are fed into electronic computers the better to hyphenate us, segregate us, or organize us into bunches like bananas, or whatever else the burgeoning electronic bureaucracy can do to us to make us conform better to the magnetic specks representing us on the cards.

What's more, we spend two days every week to support the bureaucratic army that spends much of its time dreaming up new ways to regulate our lives.

We are made to fill out multitudinous forms, answer endless and often foolish questions, and comply with senseless rules and regulations, keep voluminous files, all under the threat of a penalty of prosecution.

For this bunch of bureaucratic electronic impulses we have become a meek nation of involuntary and unpaid clerks and bookkeepers.

Instead of "free and brave" we are "specks and ciphers"

'Get Organized', He Says

Our news service supplied us with a yarn on how the County Planning Department proposes to acquire State funds for recreation. It attempted to set Planning's position more or less clearly with the following report in typical governmentese:

"One (plan) is to participate in an area-wide regional plan which would be formalized by implementing a joint powers agreement which covers all phases of comprehensive planning as specified for eligibility."

What the gobbledygook says is: "We've got to get everybody organized on park planning!"

Letter To The Editor

Dear Editor:

In view of the considerable controversy aroused by my appointment of the recommendation of the California Association of Secondary School Administrators to a State Department of Education ad hoc survey committee of a resident of San Diego County currently involved in a school board recall election, I would like to announce that the committee in question is no longer meeting under State Department auspices.

The California Association of Secondary School Administrators has assumed full charge of the committee and its future functions. Question as to its composition and duties should henceforth be directed to Mr. William McGowan, executive secretary, California Association of Secondary School administrators, 1705 Murchison Drive, Burlingame, California.

Sincerely yours,
Max Rafferty

Jet Tool Firm Expands To Miss.

Jet Tool Industries with a plant at 7952 North ave. in Lemon Grove will open a major manufacturing facility in Enterprise, Mississippi, it was revealed today by Carey Carpenter, president of the La Mesa-based corporation.

Ground-breaking for the 15,000 sq ft. plant is scheduled early next month, and the facility will become fully operational in September, 1964. Jet Tool's Mississippi operation will be devoted largely to the production of material handling equipment, much of which is too heavy to be manufactured on the west coast and shipped economically into the eastern market.

In making the announcement, Carpenter said that the new Jet Tool facility will be built on a ten acre industrial site which was donated outright by the community, and will be financed by Enterprise itself under the State of Mississippi's Balance Agriculture with Industry (BAWI) act. In addition to the long-standing BAWI plan to generate revenue bonds for industrial expansion, Jet Tool has been granted a ten year exemption from state and local taxes for Carpenter's expanded business operations.

Carpenter said that the initial plant area will be 15,000 sq ft., but that expansion to 60,000 sq. ft. is contemplated over the next three years.

The Mississippi plant will also function as a Southeastern regional distribution point from which to market Jet Tool's line of woodworking tools which have been produced in Lemon Grove since 1946.

TOP PLAYING SEEN THIS WEEK IN S.V. PONY LEAGUE GAMES

This past week the Spring Valley Pony League settled down to some real ball playing with excellent pitching highlighting most of the games. Only in a couple of games did the hitting make the games one-sided. Managers and coaches have big hopes of turning out some good ball players for advanced teams in the coming years. Here is the way the playing went last week:

June 15. Southwest Trophies 13, Merchants 3. Winner on the mound was Blake Mathews. Southwesters Dave Loveland and Tom Matters each got a home run as did Mike Moline of the Merchants.

June 16. S.V. Shopping Center 7, Berry's Sporting Goods 3, with Church Downing the winning pitcher.

June 17. Wilson's Union Service 2, Merchants 1. Rick Clancey was the winning pitcher. It was a pitchers' battle all the way through. Dave Akers, hurling for the Merchants, kept the Wilson nine in "hot water" all during the game, and the fans on the edge of their seats.

June 18. Laura Scudder's 6, Polar Foods, 2, with Chuck Turner the winning pitcher. iJm Whisenhunt of the Polars got his sixth homer of the season.

June 19. S.V. Shopping Center 16, Wilson's Union 2, with Mike Gunter, the winner on the mound. Shopping Center boys got three homers; one by Mike Gunter, one by Chuck Downing, the third by Phil Knight.

June 20. In the first game of a double-header, it was Merchants 6, Polar Foods 4. Kim Breedlove was the winning pitcher. Two homers were collected by the Polars, one by Jim Whisenhunt (his 7th of the season) and othe other by Sandy Armstrong (his first).

In the second game it was Southwest Trophies 5, Berry's Sporting Goods 4, with Tom Matters, the winner on the mound. Dave Yokem of Berry's got a home run. This was the 12th win in a row for Southwest.

June 21. In the first game of a double-header, it was Laura Scudders 5, S.V. Shopping Center 4. Bob Kiden was the winning pitcher. This was one of the major upsets of the season. Scudders were ahead, with Jim Hook on the mound. John Sarkella was hurling for the Shopping Center. He was taken out and replaced by Chuck Downing. Three home runs were hit; one by Mike Gunter, one by Chuck Downing and the other by Bob Jacobson. This tied up the game, 5 to 5. Phil Knight was then brought in for the Shopping Center and also Chuck Turner who slammed who slammed out a home run. At the top of the 8th, Chuck was relieved by Bob Widen. The game went nine innings.

In the second game, it was Southwest Trophies 4, Wilson's Union 3, with Dave Lovelands, the winning pitcher. Rick Clancy and Charlie Lewis, of the Southwesterers, got home runs.

Pony League mothers are making plans for special activities at the field over July 4th weekend. Also plans are under way for a Las Vegas trip.

'Good Willy' To Aid Kids At Fair Again

For the sixth year Goodwill Industries of San Diego County, in cooperation with the Girl Scouts of America, will help reunite lost children with their parents at the 1964 Southern California Exposition and San Diego County Fair which runs through July 5, it was announced by Allen J. Southerland, president of the charitable organization.

The Girl Scouts will man the three gates at the exposition daily from 10 a.m. to 7 p.m. using approximately 300 senior and junior Girl Scouts, according to Miss Muriel Lickel, executive director of the Girl Scouts.

"We are hoping that parents will remember the great value of tagging small children because youngsters do get lost," Sutherland said. With the parents consent, Girl Scouts will pin the "Good Willy" I.D. tags on each youngster. The tag reads, "If my parents get lost, take me to the first aid station here on the fair grounds". At the First Aid Station, the management takes over and locates the parents.

Charles Spisak, public relations director of Goodwill Industries, who has charge of this project, reports that last year, 700 lost children were reunited with their parents, 99% were wearing "Good Willy" I.D. tags.

Distillations

The stage, like all arts, has its share of failures. One theatre, a large off-Broadway place, is the exception. It never leaves the vast and loyal audience with the dismal feeling of being short-changed. Productions are in-the round and on a grand scale. Plots are those that unfold impressively across the far reaches of the news scene. The theatre is the U.S. Congress!

Needless to say, the specialty of the house here is drama, always non-fictional, often spell-binding. Happy endings there are, and tragic ones, too. No one could challenge them as being too contrived.

Now and then, when the time seems right, the producer thoughtfully throws in some lighter fare.

Americans have just seen epoch-making civil rights legislation win a great battle in the Senate. As the Bill is passed along to the House a high point is reached. Act I comes to an end. The audience sits enraptured. Softly, the curtain rustles down. Applause thunders forth, through some boos and hisses can be made out.

Needed now is a change of pace — and here is the very thing. Dancing across the stage comes a delightful little team, the issue of the topless female bathing suit and the gown with transparent bodice.

The topic is good for lots of laughs, but between chuckles it takes on the sober appearance of a possible landmark in the history of Western morals.

If the style takes hold, one of the many complexities would be the struggle between a woman's compulsion to follow fashion's decree and her deep-seated modesty. No problem for the average man. Generally he favors the idea — providing his wife and daughter do not go along with it.

Is this a deeper plunge into loose living or is it an upward step toward an enlightened culture?

On with the show.

Rear Adm. Leslie Gehres, USN (ret.), chairman of the Republican Central Committee of San Diego said that the group hopes to sell "upwards of 2,500 tickets".

County Government Institute Draws 700 Officials To Meet

A discussion of the effect of the U.S. Supreme Court decision on reapportionment of state legislators will be an important feature of the two-day County Government Institute to be held in San Diego Friday and Saturday.

General Chairman David W. Bird, county supervisor from this district, said that the speaker at a special breakfast session will be Spencer Williams, Santa Clara County counsel and president of the National Association of County Civil Attorneys.

About 600 to 700 county supervisors and top officials are expected to attend the institute which will be held at Ocean-House, Bird said.

Other matters to be studied are:

County Government Education Foundation.

The Short-Doyle Act, is it paying off?

Rehabilitation of persons under influence of alcohol.

Human Relations Commission.

High School drop-outs.

A.B. 59, Birth Control — Is planned parenthood proper part of County service?

County Board of Equalization.

County Fees — Are they adequate?

The County Hospital — in a terminal coma — or does it have a future?

Recreation, The Bond Act.

GETS AWARD — Mrs. Richard J. Donovan, wife of Assemblyman Donovan (R-77th Dist.) receives her husband's award of recognition for outstanding service to education from the Sweetwarter Education Association. Presenting the award is the association's president, Don Freeman. John Green, SEA Legislative affairs chairman, detailed Donovan's many services in the interest of education while serving in the State Assembly. Donovan was unable to attend because of the unexpected recent convening of the California Legislature, but sent a telegram announcing the passage of two bills designed to aid California's educational program.

One of the most prolific blooming plants in our country is the Fuchsia. We receive many letters asking about the care and feeding of this beautiful shurb. I could not pretend to cover in any detail, in this column, a subject as large as this and about which many books have been written.

Contact with your nearest Fuchsia Society or nursery will of course be your best supply of information.

A few pointers which come to mind that may be of some help to you in growing Fuchsias. These plants thrive in moist coastal areas and are not subject to many of the common diseases and insects hosted by some other shrubs. Some of the hundreds of varieties of Fuchsias can exist in considerable morning or partial sun, but most require a goodly amount of shade and light.

Being a shade type plant they should be fed often and lightly with a slightly acid all purpose fertilizer, not too heavy with nitrogen. A 5-2-2 liquid fish fertilizer would be ideal for normal growth. Because Fuchsias are rapid consumers and fast growers they should be fed several times during the growing and blooming season.

A fine spray of moisture on the foliage is benificial and quite often a necessity in warmer areas. A spray, especially for tender leaves containing a fatty oil emulsion can be used regularly to keep the plants clean and free of insects.

Unemployment Offices To Be Opened in CV-NC

Assemblyman Richard W. Donovan of San Diego County's 77th Assembly District announced plans for opening a new state unemployment insurance claim office in Chula Vista and El Cajon as a step in decentralizing the San Diego unemployment insurance claims office at 425 F st.

This action is being taken, Donovan said, because of an excess work load at the San Diefo claims office. Studies have shown that 20 per cent of the present claims load comes from the Chula Vista-National City area.

State and local officials have expressed concern about the over-crowded conditions, resulting partly from inadequate parking, and traffic congestion on streets surrounding the San Diego office. Accordingly, Albert B. Tieburg, state director of employment, has decided to establish claims offices at Chula Vista and El Cajon to split up the excess work load, Assemblyman Donovan reported. All of the state Department of Employment's job placement function in the San Diego area will continue to be centralized in the Employment Service office at 1345 Front st.

"These actions will provide better public service, will alleviate traffic congestion in the vicinity of the San Diego claims office, and will make possible a more efficient administration of unemployment insurance claims in the area," Donovan said.

CREDIT CARD GOOD FOR AIR TRANSPORT

More than 1,300,000 Bank-Americacard holders throughout California will be able to charge transportation on United Air Lines under an agreement jointly announced recently by R. A. Peterson, Bank of America president, and G. E. Keck, president of United.

The agreement will become effective July 5, subject to tariff approval by the Civil Aeronautics Board and the California Public Utilities Commission. It will permit all holders of Bank-Americards to obtain immediate credit in purchasing air transportation and United's package tours.

Following Bank of America's regular policy, cardholders may pay for transportation in full within 25 days after date of their monthly statement without any service charge. If they wish to extend their payments, they can pay as low as ten per cent of each monthly statement (minimum $10) and the service charge is 1-½ per cent of the balance.
